

36. (Amended) A stent as claimed in claim 34, wherein the medicament delivery system comprises one of a craft and a tissue containing a medicament.

38. (Amended) A stent as claimed in claim 37, wherein the tissue and the craft comprises a first layer for drug delivery in one direction and a second layer to prevent drug delivery in an opposite direction.

39. (Amended) A stent as claimed in claim 36, wherein the stent comprises a number of rings extending from a spine and one of the craft and the tissue extends between at least some of the adjacent rings.

41. (Amended) A method as claimed in claim 40, wherein the stent includes a generally spiral shaped element having a pretensioned configuration for delivery to a desired site, a first expanded configuration for deployment of the stent, and a second expanded configuration for retrieval of the stent, the stent having a medicament delivery system for delivery of a medicament at a target site.

**IN THE ABSTRACT:**

Please replace the originally filed abstract with the attached ABSTRACT OF THE DISCLOSURE.

**REMARKS**

By this Preliminary Amendment, Applicants have amended claims 1, 4-16, 18-28, 31, 33, 36, 38-39, and 41. Claims 1-41 remain pending in this application. The
